

BHONE MYINT SAN

DATA ANALYST INTERN / JUNIOR DATA ANALYST

Bang Na, Thailand | 062-924-8135 | bhonegood@gmail.com | GitHub:
github.com/BhoneMyintSan | Portfolio: <https://bhonemyintsan-portfolio.vercel.app/>

Fresh Graduate in Information Technology and Data Science student with strong foundations in data analysis, business intelligence, and data visualization. Experienced in working with real-world datasets, performing data cleaning, exploratory data analysis (EDA), and dashboard reporting using Python, SQL, Excel, and BI tools. Motivated to apply data-driven insights to support business and operational decision-making.

TECHNICAL SKILLS

- Programming & Analysis: Python
- Databases: PostgreSQL, Oracle DB, SQL
- BI & Visualization: Power BI, Looker Studio
- Spreadsheets: Advanced Excel, Google Sheets
- Other Tools: Google Colab, GitHub, Draw.io, Figma

PROFESSIONAL EXPERIENCE

Expo Pass (EVENT THAI) Data Analyst Intern

April 2026 – Present

- Collected, cleansed, and managed structured data entries from various event channels to ensure data integrity.
- Conducted detailed data analysis and built visual representations to identify key performance metrics.
- Generated comprehensive event executive reports to deliver actionable insights to senior and Clients.
- Designed and implemented new standardized reporting templates utilizing Advanced Excel to optimize data workflows.

PROJECT HIGHLIGHTS

Coffee Shops Review Analysis (Bangkok)

- Analyzed 5,000+ TripAdvisor reviews using Python to perform EDA on ratings, keywords, and sentiment, identifying factors influencing customer satisfaction.

Mobile Phone Sales Performance Analysis

- Cleaned and analyzed Amazon phone sales data, created KPIs, and built BI dashboards to evaluate sales trends, pricing tiers, and brand performance.

Coffee Sales Data Mining Analysis

- Applied data mining techniques including clustering, regression, and time-series analysis using Orange and Python to identify sales drivers and revenue patterns.

Feel ABAC – Campus Food Ordering Platform

- Analyzed order and vendor data and designed ER models to identify ordering patterns and peak hours, supporting data-driven operational decisions.

EDUCATION

Assumption University of Thailand (Suvarnabhumi Campus)

July 2022 - March 2026

Bachelor of Information Technology (Major in Data Science)

- Graduation Year: 2026

VOLUNTEERING EXPERIENCE

Assumption University Myanmar Student Council

Nov 2023 – Jan 2024

Event Organizer & Participant Manager

- Coordinated logistics and participant data for university events with over 100 attendees.
- Strengthened communication, teamwork, and organizational skills through cross-team collaboration.
